

Synergetic eLearning Presents:

SynWeb for Teachers

SynWeb is a teacher-friendly web-based Synergetic application that will free up more time for you to teach.

Do you find the crowded curriculum and plethora of tasks too consuming? Need an easy and efficient way to manage your admin tasks so that you can spend more time doing what you love... teaching.

SynWeb is designed for staff (particularly teachers) to quickly look up class and student information, mark class attendances and enter assessment results.

Course Outline:

- Define Timetable Structure – Basic Data
- Define Curriculum – Advanced Data
- Scheduling a Timetable
- Primary Time Reports
- Scheduling Yard Duty
- Importing and Exporting Data with Synergetic

Learning Outcomes:

- Use Synweb to:
 - View their daily timetable.
 - View student and class information.
 - Mark class attendances.
 - Enter assessment results.

Perfect For:

Teachers.
