

Synergetic eLearning Presents:

Timetable Import

Import Timetabler-generated school timetables into Synergetic.

School timetables generated in the Timetabler program can be imported into Synergetic. This course looks at how to export the required information from Timetabler and how to import that information into Synergetic. It also looks at how to configure timetable related settings in Synergetic.

Course Outline:

- Timetable Maintenance
- Export From Timetabler
- Timetabler Import into Synergetic
- Staff and Student Timetables
- File Semester Maintenance

Learning Outcomes:

- Maintain timetable definitions in Synergetic.
- Export timetable information from Timetabler.
- Import student classes into Synergetic.
- Import timetable information into Synergetic.

Perfect For:

- Student services officers
- Admin staff
- Daily organisers
